This reprogramming action transfers funds between and within appropriations for proper execution. The reclassification is required to execute funds properly in accordance with congressional intent. These actions are determined to be necessary in the national interest. These actions do not change the purpose for which the funds were originally appropriated. This reprogramming action meets all administrative and legal requirements, and none of the items has been previously denied by the Congress.

This reprogramming action transfers or realigns \$57.37 million among Fiscal Year (FY) 2022 Defense appropriations. This reprogramming action uses \$35.37 million of general transfer authority pursuant to section 8005 of division C of Public Law 117-103, the Department of Defense (DoD) Appropriations Act, 2022.

Explanation: Funds are required to procure the Launched Electrode Stun Device (LESD), as Congress intended. The LESD is classified as a weapon, therefore it must be executed from this appropriation. Funds are transferred from Other Procurement, Army, 22/24, appropriation to the Procurement of Weapons and Tracked Combat Vehicles, Army, 22/24, appropriation for proper execution of an FY 2022 congressional increase. This does not change the purpose for which the funds were appropriated. This is a congressional special interest item.
