This reprogramming action provides funding for the replacement of defense articles from the stocks of the Department of Defense expended in support of Israel or identified and notified to Congress for provision to Israel. This action is determined to be necessary in the national interest. This reprogramming action meets all administrative and legal requirements, and none of the items have been previously denied by the Congress.

This reprogramming action transfers \$636.841 million from the Operation and Maintenance, Defense-Wide, 24/25, appropriation, made available and transferred pursuant to division A of Public Law 118-50, the Israel Security Supplemental Appropriations Act, 2024, to various Defense appropriations.

The transfer authority provided with the replacement funding in Public Law 118-50 is in addition to any other transfer authority available to the Department of Defense.

This reprogramming action addresses funds for the replacement of defense articles expended in support of Israel through U.S. combat operations executed at the request of and in coordination with Israel and for the defense of Israeli territory, personnel, or assets during attacks by Iran, and subsequent or anticipated attacks by Iran and its proxies. Consistent with the June 27, 2025, letter from the United States Mission to the United Nations (UN) pursuant to Article 51 of the UN Charter, the United States executed the actions associated with the below expenditures in close coordination with the Government of Israel and for its defense.
