This reprogramming action transfers \$400.0 million from the Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America Defense Fund to the fiscal year (FY) 2026 Research, Development, Test and Evaluation, Defense-Wide appropriation for proper execution. This action allocates amounts to the appropriation account and projects and activities specified in section 8117 of the Department of Defense Appropriations Act, 2026, division A of Public Law 119-75. The funds were appropriated by, and are transferred using special transfer authority provided by, section 102(b) of the CHIPS Act of 2022, division A of Public Law 117-167.

The reclassification is required to execute funds properly in accordance with congressional intent. These actions are determined to be necessary in the national interest. These actions do not change the purpose for which the funds were originally appropriated. This reprogramming action meets all administrative and legal requirements, and none of the items have been previously denied by the Congress.
