This reprogramming action reclassifies funds between and within appropriations for proper execution. The reclassification is required to execute funds properly in accordance with congressional intent. These actions are determined to be necessary in the national interest. These actions are necessary for the proper execution of the activity for which funds were originally appropriated. This reprogramming action meets all administrative and legal requirements, and none of the items has been previously denied by the Congress. This reprogramming impacts the Military Intelligence Program (MIP).

PART I of this reprogramming action reclassifies \$342.524 million between and within various Defense appropriations to transfer amounts for proper execution of FY 2026 congressional increases and realigns amounts within an appropriation to the appropriate budget line item for proper execution. These transfers are not counted against the amount limitation for general transfer authority pursuant to section 8006(b) and (c) of the Department of Defense Appropriations Act, 2026 (div. A of Pub. L. 119-75).

PART II of this reprogramming action transfers \$10.00 million to the Other Procurement, Army, 24/26, appropriation from the Procurement, Defense-Wide, 24/26, appropriation for proper execution of a FY 2024 congressional increase. This transfer is not counted against the amount limitation for general transfer authority pursuant to section 8006(b) and (c) of the Department of Defense Appropriations Act, 2024 (div. A. of Pub. L. 118-47).
