This reprogramming action reclassifies funds between and within appropriations for proper execution. The reclassification is required to execute funds properly in accordance with congressional intent. These actions are determined to be necessary in the national interest. These actions are necessary for the proper execution of the activity for which funds were originally appropriated. This reprogramming action meets all administrative and legal requirements, and none of the items has been previously denied by the Congress.

PART I of this reprogramming action reclassifies \$51.7 million between and within Air Force and Defense-Wide appropriations for the proper execution of FY 2026 congressional increases. Transfers are not counted against the amount limitation for general transfer authority pursuant to section 8006(b) and (c) of the Department of Defense Appropriations Act, 2026 (div. A of P. L. 119-75).

PART II of this reprogramming action realigns \$13.5 million to Defense Production Act Purchases, 25/29, appropriation from the Research, Development, Test, and Evaluation, Air Force, 25/26, appropriation for the proper execution of a FY 2025 congressional distributed adjustments. These transfers are not counted against the amount limitation for general transfer authority pursuant to section 8006(b) and (c) of the Department of Defense Appropriations Act, 2024 (div. A of P. L. 118-47), as applied for fiscal year 2025 pursuant to section 1422(c) of the Full-Year Continuing Appropriations Act (div. A of P. L. 119-4).

PART I

FY 2026 REPROGRAMMING INCREASE: **+51,700**

AIR FORCE INCREASES **+18,700**

Operation and Maintenance, Air Force, 26/26 **+10,000**

Budget Activity 01: Operating forces

48,207,571	48,187,771	+10,000	48,197,771
------------	------------	---------	------------

Explanation: Funds are required to be transferred to the Operation and Maintenance, Air Force, 26/26, appropriation from the Other Procurement, AF, 26/28, appropriation for proper execution of the FY 2026 congressional increase to Project Kinetic Cargo weigh-in-motion system. The unit cost is \$0.16 million, and this is below the investment threshold and is more appropriate to execute with Operation and Maintenance appropriations. This action is necessary for the proper execution of the activity for which appropriations were originally provided. This is a congressional special interest item.
