CHAPTER 5

HEALTH PROFESSIONS OFFICER (HPO) SPECIAL AND INCENTIVE PAY

1.0 GENERAL

1.1 Purpose

The purpose of this chapter is to establish policy pertaining to Health Professions Special and Incentive (HPS&I) Pay.

1.2 Authoritative Guidance

The pay policies and requirements established by the DoD in this chapter are derived primarily from, and prepared in accordance with, the [*DoD Instruction \(DoDI\) 6000.13*](#). Due to the subject matter in this chapter, the list of authoritative sources is extensive. The specific statutes, regulations, and other applicable guidance that govern each individual section are listed in a reference section at the end of the chapter.

2.0 PROVISIONS

Each HPS&I pay is in addition to any other pay or allowance to which an HPO is eligible except as specified in sections 3.0 through 8.0.

2.1 Consolidated Special Pays (CSP)

HPOs may be paid special pay at the rate for the specialty for which they are fully qualified. The specialty or subspecialty must be the same for all pays received. The HPO may only receive Incentive Pay (IP) and a Retention Bonus (RB) for one specialty, even if the HPO holds qualifications in two or more specialties. The IP and RB must be effective on the same date. The eligibility for each HPS&I pay is described in sections 3.0 through 8.0.

2.2 Restrictions

2.2.1. The amount of HPS&I pay is not included in computing the amount of any increase in pay or in computing retired, separation, severance, or readjustment pays.

2.2.2. An officer receiving a health profession bonus is not eligible to receive a payment pursuant to [*Title 37, United States Code \(U.S.C.\), section 332*](#) for the same period of obligated service.

2.2.3. An officer receiving health professions IP is not eligible to receive a payment pursuant to [*37 U.S.C. § 353*](#) for the same skill and period of service.

2.2.4. An officer receiving [Board Certification Pay \(BCP\)](#) is not eligible to receive a payment pursuant to 37 U.S.C. § 353(b) for the same skill and period of service covered by the certification.

2.3 Eligibility

To be eligible to participate in the CSP, an HPO must:

2.3.1. Not have reached the mandatory retirement or removal date due to age or years of service and complete any additional service obligation incurred before the individual's mandatory retirement or removal date, unless granted a waiver;

2.3.2. Have a current, valid, and unrestricted license or approved waiver;

2.3.3. Maintain all licensing, credentialing, and specialty qualifications;

2.3.4. Meet privileging requirements; and

2.3.5. Sign a service agreement indicating:

2.3.5.1. The amount of bonus or pay;

2.3.5.2. The method of payment of the bonus or pay;

2.3.5.3. The period of obligated service for the bonus or pay;

2.3.5.4. Whether the service will be performed on Active Duty (AD) or in active status in a Reserve Component (RC);

2.3.5.5. The type or conditions of the service; and

2.3.5.6. The circumstances that may result in termination of the agreement and repayment of any unearned portion of the bonus or pay if the officer fails to fulfill the conditions of the bonus or pay, to include an unfulfilled service obligation or eligibility requirement.

5.1.2. All Officers, to include General/Flag officers at the rank of O-7 and above, are eligible for the BCP.

5.2 Amount

The annual amount payable is \$8,000, to be prorated monthly.

6.0 IP

6.1 General Provisions

6.1.1. IP When Not Participating in an RB Agreement. Subject to acceptance by the Secretary concerned, an HPO who is eligible for and not in an existing RB agreement, and who is no longer obligated pursuant to a previous IP agreement, may enter into a new 1-year IP agreement at the rate in the HPS&I pay plan. IP agreements must be for at least 1 year and cannot be prorated. If, during the IP agreement, the HPO becomes eligible for a higher IP, the HPO may terminate and renegotiate at that higher rate, obligating for at least a year from the date of renegotiation.

6.1.2. IP When Participating in an RB Agreement. An HPO who enters into an RB contract may also be eligible for IP for the same specialty at the amount in the HPS&I pay plan. An HPO who elects this option will continue IP eligibility, at the rate in effect at the time the RB agreement is effective, for each active year of the RB contract. Any renegotiation of either the RB or IP will require signing a new RB contract at the annual rate in effect at the time of signature, with an obligation that ends after the obligation of the original agreement.

6.1.3. Effective Date. The effective date of the IP agreement will be calculated from the date the member completes the qualifying training plus 3 months.

6.2 Eligibility

6.2.1. To be eligible for IP, an HPO must be:

6.2.1.1. Serving in an AC or RC of a Military Service and entitled to basic pay under 37 U.S.C. § 204 or compensation pursuant to 37 U.S.C. § 206;

6.2.1.2. Serving on AD or in an active Reserve status in a designated health professional specialty; and

6.2.1.3. Eligible as prescribed in paragraph 2.3;

6.2.2. Medical Corps and Dental Corps Officers at the rank of O-7 and above are eligible for the HPO IP at the General Medical Officer (GMO) or General Dental Officer rate, respectively. All other General/Flag officers are authorized the HPO IP rate for their credentialed specialty.

6.3 Amounts

Annual payment amounts for IP contracts are listed in Tables 5-3 through 5-6 and paid in equal monthly payments. For the most current IP rates, see the [Dental Corps BCP IP/RB](#), [Medical Corps BCP IP/RB](#), [Nurse Corps BCP IP/RB](#), and [Specialty IP/RB](#) tables on DFAS.MIL.

7.0 RB

7.1 General Provisions

7.1.1. Subject to acceptance by the Secretary concerned, an HPO with an RB contract pursuant to [37 U.S.C. Chapter 5, Subchapter II](#), may request termination of that contract to enter into a new RB contract with an equal or longer obligation at the RB annual rate in effect at the time of execution of the new contract. The new obligation period will not retroactively cover any portion or period that was executed in accordance with the prior contract.

7.1.2. The Secretary concerned may pay an RB to HPOs based on their clinical specialty or subspecialty regardless of their ability to spend appropriate time in a clinical setting.

***7.2 Eligibility**

7.2.5.1. Have completed any AD or reserve duty service commitment incurred for any and all pre-commissioning education and training; or

7.3 Amounts

Annual payment amounts for AC RB contracts are listed in Tables 5-3 through 5-6. For the most current AC RB rates, see the [Dental Corps RC AB/RB](#), [Medical Corps RC AB/RB](#), [Nurse Corps RC AB/RB](#), and [Specialties RC AB/RB](#) tables on DFAS.MIL.

8.1.2. Payment amounts for RC AB contracts are listed in Tables 5-7 through 5-10. For the most current RC AB rates, see the Dental Corps RC AB/RB, Medical Corps RC AB/RB, Nurse Corps RC AB/RB, and Specialties RC AB/RB tables on DFAS.MIL.

8.2.1.2. Be serving on AD, or have served on AD, and have a DoD (DD) Form 214, "Certificate of Release or Discharge from Active Duty," that verifies an honorable discharge or release;

8.2.1.3. Provide the original DD 214 (copy 1 or copy 4), or a reproduction with a certified true-copy stamp, and the appropriate Federal Government authenticating seal imprinted for each period of service;

8.2.1.4. Be qualified to hold an appointment as an HPO;

8.2.1.5. Be qualified in the specialty in which they agree to serve;

8.2.1.6. Execute a written agreement to serve 3 years in the SELRES; and

8.2.1.7. Not have previously received an AB in the SELRES, unless granted a waiver.

8.2.2. Amount

The Secretary concerned may pay an AFBRC up to \$10,000 to eligible officers.

8.2.3. Restrictions

8.3 BCP

8.3.1. Eligibility

An HPO must meet the provisions outlined in paragraph 5.1.

8.3.2. Payment

8.4 IP

8.4.1. Eligibility

An HPO must meet the provisions outlined in paragraph 6.2.

8.4.2. Payment

If eligible, an RC member will be paid at the daily rate of one-thirtieth of the IP monthly rate for any period in which the member is entitled to basic pay under 37 U.S.C. § 204 or compensation pursuant to 37 U.S.C. § 206. See paragraph 6.3.

8.5 RB

9.0 TERMINATION

9.1 Reasons

The Secretary concerned may terminate, at any time, an HPO special pay agreement. The Secretary concerned will establish regulations that specify the conditions and procedures for termination, and they will be included in the written service agreement for the specific special pay. Reasons for termination may include, but are not necessarily limited to:

9.1.1. Loss of privileges;

9.1.2. Court-martial conviction;

9.1.3. Failure to maintain a current, valid, and unrestricted license or approved waiver; or

9.1.4. Reasons that are in the best interest of the Military Department.

9.2 Proration

If an agreement for one or more special pays is terminated, the HPO will be paid on a pro-rata basis for the portion served until the official date of termination.

9.3 Repayment

An HPO who fails to maintain the eligibility requirements for a special pay, does not complete the obligation period for the pay, or whose pay is terminated by the Secretary concerned, as described in paragraph 8.1, will be subject to the repayment provisions of [37 U.S.C. § 373](#) and Chapter 2. These repayment authorities will be stipulated in the written service agreement.

9.4 Reinstatement

If an HPO's special pay is terminated due to failure to maintain a valid license, the member can become eligible for special pays again. Once the HPO's license is reinstated and eligibility is re-established, the HPO may negotiate new contractual special pay agreements. Regardless of whether the HPO receives special pays, the HPO will be held responsible for the original contracted special pay service obligation until completed or until involuntary separation from military service occurs.

9.5 Duration of Authority

Unless reauthorized by Congress, a special pay or incentive pay set forth in this chapter may not be paid for service provided after the date listed on the [Duration of Authority table](#) unless a written agreement for the special pay or incentive pay was entered into prior to the date on the table.
